

## AGREEMENTS

March 27, 2006

For 9-1-1 Emergency Communications

This agreement is made between the Menard County Sheriff's Office, Public Safety Answering Point, hereinafter referred to as "PSAP", and the America Ambulance, for the purpose of effective handling and routing of 9-1-1 Emergency calls.

### CALL HANDLING (Exhibit 8)

Menard County PSAP Center receiving a call for emergency services in your jurisdiction shall dispatch the call in the following manner:

Primary: Radio Frequency 155.220  
And/or  
Telephone Number 217-523-3636

Secondary: Radio Frequency \_\_\_\_\_  
And/or  
Telephone Number 217-523-3636

### AID OUTSIDE JURISDICTION BOUNDARY (Exhibit 9)

Once an emergency unit is dispatched in response to a request through the system, such unit shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

The legislative intent is that 9-1-1 be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agency's published telephone number.

The PSAP Center agrees to keep all records, times, and places of all calls. All records will be available to all participants of the 9-1-1 System.

It shall be the responsibility of your agency to maintain the report of the call and the disposition of each call received.

All agreements, management, records, and service will be the responsibility of the advisory and policy board.

Once an emergency unit is dispatched in response to a request through the system, such unit shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdictional boundaries.

The legislative intent is that 9-1-1 be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agency's published telephone number.

The PSAP Center agrees to keep all records, times, and places of all calls. All records will be available to all participants of the 9-1-1 System.

It shall be the responsibility of your agency to maintain the report of the call and the disposition of each call received.

All agreements, management, records, and service will be the responsibility of the advisory and policy board.

## **EXHIBITS 8 & 9 AGREEMENTS**

### **For 9-1-1 emergency Communications**

This agreement is made between the Menard County Sheriff's Office, Public Safety Answering Point, hereinafter referred to as the "PSAP", and the SHERMAN FIRE PROTECTION DISTRICT, "SFPD" for the purpose of effective handling and routing of 9-1-1 Emergency calls.

### **CALL HANDLING (EXHIBIT 8)**

Menard County PSAP Center, receiving a call for emergency services in your jurisdiction shall dispatch in the following manner:

#### **PRIMARY:**

Calls will be dispatched by paging over radio frequency **158.820** using to the Sangamon County Combined Dispatch System hereinafter referred to as "SCCDS". Menard County Sheriff PSAP may contact SCCDS via their usual inter-agency communications methods.

#### **SECONDARY:**

##### **Emergency call waiting to be dispatched:**

In the event the primary system cited above is not available, **AND** there is an emergency call pending for SFPD, Menard County Sheriff's PSAP shall notify the Springfield Fire Department of their inability to activate the Sherman Fire Protection District and request that the Springfield Fire Department respond to the emergency as part of the mutual aid agreement in force. Menard County Sheriff's PSAP shall notify the Sherman Police Department or the nearest Sangamon County Sheriff's Department vehicle and request them to meet and assist the Springfield Fire Department to the scene of the emergency. Menard County Sheriff's PSAP shall then begin notification of the Officers and Trustees of the Sherman Fire Protection District via the attached phone list.

##### **Emergency call NOT waiting to be dispatched:**

In the event the primary system cited above is not available, **AND** there is NOT an emergency call pending for SFPD, Menard County Sheriff's PSAP shall then begin notification of the Officers and Trustees of the Sherman Fire Protection District via the attached phone list.

Once notified, SFPD will receive their emergency calls via telephone at Williamsville FPD main station at 217.566.3311 or other numbers which will be provided in the event additional numbers are required according to an emergency paging agreement in force between Williamsville FPD and Sherman FPD.

Once the primary paging systems are restored, Paging will return to those systems after notification to SFPD that the systems are operational.

## **PHONE LIST:**

The following phone list is used by MENARD COUNTY SHERIFF'S PSAP for non-emergency notification of SFPD that the SCCDS paging system is not operational. The phone list shall be followed ***in order*** until POSITIVE VOICE COMMUNICATION OCCURS between the caller and one of the persons on the list. DO NOT LEAVE A MESSAGE with any other person or on an answering system. If the list is exhausted with no contact, start the list over again until positive voice contact is made.

Cell phone numbers are listed as a convenience to MENARD COUNTY SHERIFF'S PSAP. Because of the ability of cell phone service providers to track a phone within a region or even nationwide, contact with an individual on a cell number may result in that individual disqualifying themselves. In that case, MENARD COUNTY SHERIFF'S PSAP shall continue down the list until they find someone who is within the Fire Protection District and who can activate the District's emergency procedures.

# AID OUTSIDE JURISDICTION BOUNDARY (Exhibit 9)

Once an emergency unit is dispatched in response to a request through the system, such unit shall render its service to the requesting party without regard to whether the unit is operating outside its normal jurisdiction boundaries.

The legislative intent is that 9-1-1 be used for emergency calls only. Therefore, all calls of an administrative or non-emergency nature shall be referred to your agency's published telephone number.

The PSAP center agrees to keep all records, times and places of calls. All records will be available to all participants of the 9-1-1 system.

It shall be the responsibility of your agency to maintain the report of the call and the disposition of each call received.

All agreements, management, records and service will be the responsibility of advisory and policy board.

Any agreements or changes in agreements and operating policies must be approved by the advisory board.
